They are up to 10 multiple choice questions - that test the understanding of specific units of the material covered in class. Quizzes must be solved individually and submitted online before 11:59pm on the due date. Any late submission will result in 0 points. No exceptions.

Midterms. Midterms are in-class exams, closed notes and books. Calculators are allowed. Midterms consist of multiple choice questions that cover all the material taught in class up to that point in time, unless differently specified in class. For the sake of the final grade, I will count only the best grade between Midterm I and Midterm II.

Final Exam. The Final is an in-class exam, closed notes and books. The exam consists of multiple choice questions that cover all the material taught in class (theory and recitations), unless differently specified in class.

Normalization. The final score will be rounded up to the next integer. Final scores might be subject to normalization at discretion of the instructor.

No makeup exams will be given. The only exceptions are covered by campus guidelines on absences due to religious observance (see below). If you fail to show up for an exam without an acceptable excuse (such as an illness that can be documented with a medical note or you have been given permission by me to take a make-up exam), you will get a zero for that exam.

Violations of Honor Code. If you are caught cheating in violation of the University Honor Code during an exam you will automatically fail the class. No exception.

Final Exams Conflict: Rescheduling Policy. Students who have two or more final exams on the same day of our final exam OR another final exam at the same time, you might want to talk with me about that. The deadline for making these arrangements is the 20th of March.

UNIVERSITY POLICIES

You should familiarize yourself with the following University of Colorado policies:

ACCOMMODATION FOR DISABILITIES

All faculty assume responsibility for ensuring that their individual courses and content are accessible to all students. Please utilize principles of Universal Design when creating new courses; otherwise, make appropriate alterations to existing material to accommodate students who require assistance. You may contact our Universal Instructional Design Consultant on the Academic Technology Design Team in the Office of Information Technology for more information by calling 303-735-4357 (5-HELP). Faculty consultations with an Access Coordinator in Disability Services serve as an opportunity to provide clarity and guidance regarding the implementation of accommodations and working with students with disabilities. To request an appointment with an Access Coordinator, contact Disability Services at dsinfo@colorado.edu or 303-492-8671.
